Assembly

Join	Put the top of the stem into the open bottom of the cap: the stem's last round has 18 sts, the same as the cap opening. Whip stitch them together through the front loops.
Gills	The front loops left by the cap's back-loop round make a little ledge under the cap, like the gills of a mushroom.
Face (optional)	Add 6 mm safety eyes between Rnds 5 and 6 of the stem, 4 sts apart, before stuffing; or embroider them for babies.

Yarn guide

Cotton (Worsted #4)	Hook 3.5 mm. Crisp stitches, holds shape, no fuzz; slightly stiff on the hands.
Milk cotton (DK #3)	Hook 3 mm. Soft and smooth with clear stitches; great for baby toys.
Acrylic (Worsted #4)	Hook 3.5 mm. Cheap, washable, huge colour range; can split and look a bit fuzzy.
Chenille / plush (Bulky #5)	Hook 4 mm. Super soft and cuddly; stitches are hard to see, so count with markers.
